Everybody can participate in this group tour, it has a fixed program and will be accompanied by a permanent English-speaking guide. However, there are 4 days that every participant can spend individually, either with the group on the planned tour or by his own. It is also a quite relaxed tour since the passenger will be staying in each destination at least 3 days and there are not long ground transfers planned in it. It includes three of Colombia's main cities and tourist destinations as Bogotá, Medellín and Cartagena, from which the participant can join different excursions. This group tour has around 6 fixed yearly departure dates and can be combined with extension programs to San Agustín, Caño Cristales, the Amazon or the Pacific Coast to complement the journey according to the passenger specific interests (as nature, beach, archaeology...).
